## About the Guide

The *Venue Guide for North Georgia* is a compilation of hard work and interaction with many venue people that the ACWM staff has met at meetings or worked with over the last several years. It started out with our own internal records, and we have added places as we have come across them. This list is more thorough than the lists that are located in various other places on the web and in publications. In order to not “play favorites”, this guide does not contain any advertising from the venues listed. What you will find is the venue name, address, phone number, email address, and website.

Not all venues have complete information! Some venues do not have listed websites, others will not supply an email address, and one will not even publish an address. ACWM staff has strived to “fill in the blanks”, and is always updating the information in this guide. Even where information may not be completely filled in, there will be information that no other guides have and should be sufficient to provide a way to contact the venue.

A few venues may be listed multiple times. This is because multiple contacts have been identified for the venue, and each contact is listed with their venue information.

ACWM has targeted the guide to North Georgia, but there may be an occasional venue that does seem out of place. There is a venue in Alabama, for example, that is just across the state line. Another might be a couple of locations near Cordele. They were kept in as it is our belief that the more information provided, the better off and easier it will be to plan your event.

There are about five to six venues that are located in metro Atlanta that are not listed. These venues insist on their own entertainers, photographers, and florists and will not allow outside vendors in. These venues limit choices, and have been excluded.

Also provided is a short list of venues that ACWM staff has seen listed in other guides, but are out of business at the time of this publication. Where possible, the reasons for their demise have been provided as a verification of how we discovered they were out of business.

At a future date, venues in Athens and the eastern edge of Georgia will be added.

On behalf of *A Celebration with Music!*, we hope that you find this guide to be helpful and informative.

At your service,

Bill Goode  
Celebration Specialist
